

Accessibility Scan Report

<http://maho.test/beauty/>

Scan ID #210
WCAG Level AA
Status complete
Completed Sep 18, 2026, 5:41:46 PM

Summary

Total	Critical	Serious	Moderate	Minor	Needs Review
0	0	0	0	0	10

No automatically detectable violations were found. Automated checks cover only part of WCAG, so manual testing with a keyboard and a screen reader is still recommended.

axe-core could not automatically evaluate 10 check(s) (for example, color contrast over an image). Review them manually.

The screenshot displays the Glow Atelier website, which has a clean, minimalist aesthetic with a light beige background. The header includes the brand name and navigation links. The main content is organized into several sections: a hero section with a large image of skincare products and the text 'Short lists, long results'; a 'Shop by category' section with four filter buttons; a 'Made in a room you could visit' section with a large image of a person in a white lab coat; a 'What our customers say' section with three testimonials; a 'The morning shed' section with a collage of product images; a 'From the journal' section with three articles; and a footer with a search bar, product categories, and a 'New Arrivals' section. The website uses a sans-serif font and features high-quality, natural-looking product photography.

Mobile Screenshot

This report was generated with automated checks (axe-core), which detect only a subset of WCAG success criteria. A report with no violations does not guarantee conformance; manual testing with a keyboard and a screen reader is still required.

Our story

One cream and a rule

Glow Atelier began with a single moisturiser made for skin that reacted to everything. Ten ingredients, all on the front of the jar.

Every product since has kept that rule. Batches are small, dated by hand, and we tell you the batch number when you order.

The atelier has a door on the street. Come in, smell things, bring your empties back.
